Extraordinary and Emergency Need

A Sanford Fund loan of \$1,000 is available to School of Theology students for extraordinary circumstances. Students may borrow no more than this amount from the Sanford Fund during their seminary years. No justification is required for a Sanford Loan, as long as the student meets the loan requirements. In the event of emergency need, students should first request a loan from the Sanford Fund. The dean may designate funding from other sources if that fund has been used and the student presents evidence of need due to extraordinary circumstances.

Reporting Changes

Students receiving need-based financial aid must report significant changes in their financial situation as they occur during the course of an academic year. In cases where

the change impacts the assessment of need, the financial aid award may be increased or reduced. Such adjustments will be made as soon as possible after changes are reported.

Termination of Financial Aid

A student whose performance is evaluated by the faculty of the School of Theology as “inadequate” is not eligible to receive financial aid for the following year. Reinstatement of aid is dependent upon re-acceptance into the graduate program of the School of Theology and a new application for financial aid.

Appeals and Complaints

Appeals and complaints concerning financial aid should be directed to the director of operations, 931.598.1340.
